Nevada City Nugget

VOLUME II, NUMBER 33 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER JULY 2, 1928

JULIAN STARTING OPERATIONS AT ALCALDE GROUP

Long expected word of the starting of work at the Deadman Flat mining properties was received the past few days. The properties were bonded the past winter by the C. C. Julian interests of Los Angeles from the Root family, but announcement was withheld at that time of the interests back of the New Monte Christo Company which will operate them. Lloyd L. Root will act as consulting engineer and is making the preliminary arrangements.

The first work undertaken will be sinking of the old Bowery shaft from its present depth of 200 feet to a depth of 1500 feet to make a thorough survey of the ore bodies to that depth. The shaft is an incline following the dip of the vein at about a 70 degree incline.

In the Alcalde group there are twelve claims covering 200acres and carrying about 4500 feet along the course of the lode. The production record in former years was around a half million. The principal vein which was developed occurs in a fissure in amphibolite probably derived from diabase, gabbro and diorite. The width of the formation is from 18 inches to two feet with the average width of quartz being six feet between walls. The strike is north west and the dip varies from 45 to 75 degrees. The ore is free milling and gold generally comes with the sulphides running from two to three per cent. Main values have been found in the cross fissures of iron crossings.

The first work done on this group was in 1867 by three Frenchmen, who obtained coarse gold in sluicing the bed of French Ravine anc found the Kenosha vein. The Bowery shaft was sunk 90 feet by October of that year and a drift had been run 70 feet in a vein carrying specimen ore. The McCook shaft was sunk 180 feet on the dip of the vein about 250 feet north of the Bowery and the Taylor shaft was sunk about 250 feet north of the McCook. Between 1867 and 1872 a number of lots of rich ore were taken out. The claims were relocated in 1875 by Richards and Desmond and passed to the ownership of the late George W. Root.

A shaft was sunk in 1900 on the southern part of the Hidden Treasure claim by a miner named Riley and $24,000 taken out down to the 180 foot level. The Taylor double compartment shaft was used as a working shaft in later operations, reaching a depth of 450 feet on the dip of the vein. In the spring of 1918 the workins were permitted to fill with water.

Building equipment on the Alcalde group include a five stamp mill, six drill air compressor, Cornish pump, steam hoist. Electric power is available.

The total holdings taken over by the Julian interests include some 900 acres in the Deadman Flat section.

JOHN DEL RAOULLS HAS MAMMOTH FRUIT CAKE

One of the appreciated donations to the Fourth of July celebration fund was a marvelous cake created by the artistic hand of John del Raoulls of Dels Cafe. John used 10 pounds of sugar, three pounds of sweet butter and a pound of candy for the decorations alone.

It is a fruit cake of generous dimensions and contains a lofty cupola at one end with watch towers at the other corners. Tickets will be on sale for the cake which will be disposed of on the late afternoon or evening of the Fourth. The cake is on display at the present time and has been creating a great deal of interest.

Miss Fidella Legg, daughter of Mr. and Mrs. George A. Legg, has received her master's degree at Columbia University following a course of post graduate study. Miss Legg is a graduate of the local schools and of University of California. She has been making a two month's tour of Europe.

George Trebilcox of Hills Flat was a Saturday business visitor.

BRUSH CREEK MINE TO ADD FIVE STAMPS MILL

An immediate increase in the milling capacity at the Brush Creek mine has been ordered by President Ben F. Ballard of the Kate Hardy Mining Company which is operating the property. Five stamps will be added and with the encouraging development this property looks to have a successful future.

Drifting is being steadily prosecuted in the new workings and while the area of the rich shoot picked up last year has been passed in the outer workings the ledge matter is showing excellent width, the average distance between walls being sixteen feet. The shoot which was pitched at an unusual angle is now inverted to the regular pitch and a raise being run shows it to be working up well in values. It will be thoroughly developed.

The present milling equipment has proven entirely inadequate to handle the ore being taken out during development and the increased stamps will make it possible to operate on a paying basis, using the ore from the entire face.

The Kate Hardy Company has 3000 feet of property along the main vein system which will make it possible to conduct large scale operations once the development program has sufficiently advanced.

Superintendent William Lichenberg has been on the trail of a mule for the underground operations and reported that he had found one in Marysville that seemed to measure up to specifications.

MINING LOCATIONS HAVE BEEN PUT ON RECORD

The following mining claims have been recorded the past week:

Tellurium No. 3, in Carlyle Mining District by James Gibbin.

Horse Shoe quartz by Lester Bell in Washington Mining District.

I Wonder placer by Lester Bell in Washington Mining District.

Inspiration placer claim amended location by A. C. and Margaret Travis in Eureka Mining District.

Verde Asbestos and Verde Asbestos No. 3 claims by Charles J. Lyser in Washington Mining District.

Ray O'Connor et al have consolidated the Kennebec Mining Claims in Kennebec Mining District, in Secs. 9 and 10 T17N, R9E.

WATER ASSOCIATION IN AN IMPORTANT MEETING

An important meeting of the San Juan Ridge Water Association was held Sunday afternoon at North San Juan. Otto E. Schiffner, general manager o fthe Rescue Eula Mining Company, was present to detail a plan whereby he will stand a considerable amount of expense in the rebuilding of the North Bloomfield ditch from Bowman to Gaston Ridge if the Association will go ahead with the work. This would make possible the opening of the Gaston mine by August 1st. The Association entered enthusiastically into the plan and authorized its committee to enter into negotiantions with Mr. Schiffner.

Mr. Gordon M. Bettles of the Yellow Tiger Company was an interested listener and will share in the negotiations.

Judgment has been entered in the case of McKean vs City of Nevada over the use of a rock crusher equipment during the street paving program last year. The judgment was in the amount of $3250. E. H. Armstrong appeared as counsel for Mr. McKean.

Mrs. Wm. Treglown is entertaining her cousin, Mrs. F. E. Wilson and sons of Hobart Mills.

Mr. and Mrs. M. Angelinni and son were Sacramento visitors one day this week.

Miss Mary Rossen of Oakland is visiting relatives here during her summer vacation.

Mr. and Mrs. Claude Cole of Washington spent Wednesday here visiting relatives.

G. Richards of the Drum Power house, spent the week end here with his family.

Mr. and Mrs. C. Osborne have as a guest his mother, Mrs. Chas. Benallack of San Francisco.

EAGLE WILL SCREAM ON THE FOURTH

The following is the schedule of events for Wednesday, the 4th:

5 A. M. ..... Salutes and Ringing of Bells
9 A. M. ..... Band Selections
10—12 M. ..... Grand Parade
1—2 P. M. ..... Indian Tribal Dances in front of Chamber of Commerce
2—3 P. M. ..... Literary Exercises, Nevada Theater
Senator J. M. Inman of Sacramento, Orator
3—5 P. M. ..... Sports Program, E. J. Baker presiding
5—6 P. M. ..... Water Fight at Plaza
6:45 P. M. ..... Doll Parade in front of Chamber of Commerce
7—8 P. M. ..... Selections by Glee Club
8—9 P. M. ..... Indian War Dance
9— ..... Grand Ball at Red Men's Hall
Grand Marshal of the Day ..... Hon. H. L. Engelbright, M. C.
Chief Aides ..... Vernon V. Rood, E. J. Kilroy
Flag Bearers ..... Members Hegarty-Hague-Thomas Post, American Legion
G. A. R., J. M. Walling, E. D. Bridges, Oliver Ragon, James Allen, Mr.Mott
Spanish American Veterans ..... Ed Beegel, Harry Parsons, C. E. Reed
Mike Bergman, L. S. Smith.
President of the Day ..... Hon. Raglan Tuttle
General Chairman of the Fourth ..... Mr. Frank Davies

The following floats have been promised: Hiawatha by Ponemah Council, Minnehaha by Wyoming Tribe, I. O. R. M.; Puritans by Methodit Church; George and Martha Washington by Alpha Hardware Company; Voice of the Liberty Blel by Laurel Parlor; Covered Wagon by Joe Lopez; Hydraulic Mining by Hydraulic Parlor, N. S. G. W.; Modern Stamp Mill by Nevada City Chamber of Commerce; Old Method of Drilling Rock and Air Compressor at work, by Miners Protective League; First Aid Car by W. R. Jefford & Son; Mail Carrier on Horseback, Dr. Hardie of Alleghany; Stage Coach that was held up; Man on Snow Shoes, Vivian Hobson; Sleigh drawn by horses, Pike Solaro; Mini ature Rail Transportation; Original truck appropriated by Tanko and Hall, driven by Buster Brown; Aeroplane; Ford Aeroplane by Grass Valley Garage; Fireman Bucket Brigade; Fire Trucks, Seagrave Pumper by Grass Valley Fire Department; Forest Service Fire Equipment; Garden Scene by Womans Improvement Club; Log Cabin by Uncle Tom Coan; Ancient Printing Press by Union Publishing Company; Beehive by J. J. Jackson; Water Heater by Pacific Gas & Electric Co.; Slipper by Hogan's; Agriculture by Carl Tobiassen; Radio by C. R. Gray; Dairying by Granholm Dairy; Lion by Lions Club; Washing Machine by Fred C. Foote; Victor Exhibit by R. E. Harris; Modern Bungalow by Grass Valley Chamber of Commerce; Log Cabin by M. L. & D. Marsh. Art of Bread Making by Kopp's Bakery.

HOGE OPENS A RICH QUARTZ LEDGE VALUES SHOW UP TO OVER $200 A TON

New Exporation Company Will Be Ready to Function Soon Further Prospecting To Determine Location Central Shaft Active Operations Expected to Commence Early Date

Arthur W. Hoge reports that his preliminary examination work on the north side of his new exploration company's large holdings is progressing in a very satisfactory manner, and also with very satisfying results. The present preliminary shaft is only down to a depth of a little over thirty feet, but there has already been opened up a vein of solid quartz from one to three feet in width that shows values of from $30 on up to considerably over $200 per ton.

After this work has been proven up to a satisfactory conclusion, Mr. Hoge is planning on some additional prospecting, in order to definitely determine the location of the main central shaft, for his main operations on the north side.

The general plan, however, is to start active operations on the combined group at an early date. The new exploration company is now being formed, and will be ready to function within the next ten to fifteen days. As stated in last week's exclusive article this company is starting off under most favorable conditions as they have such a large area of virgin territory in a proven mineral zone. Wit the present showing of values right in the grass roots, it is a cinch that they are going to have a very profitable operation within the very near future.

Mining in this famous camp is progressing at a very rapid rate, and this operation can be depended upon as being one of the outstanding big producers for a long period of time when Hoge's plans are carried out, as per his and his consulting engineer's ideas.

MISS LUCILLE MOOSER WEDS MR. CHARLES LINDLEY

Miss Lucille Mooser, daughter of Mr. and Mrs. A. H. Mooser of Grass Valley, was married on Saturday evening to Mr. Charles Lindley of San Francisco at a well appointed church wedding at Emmanuel Episcopal church by the Rev .W. Charles Pearson. The groom is the youngest son of Mrs. I. C. Lindley of Berkeley and spent a number of years in Nevada City where he is well and favorably known.

MISS LENORE HOSKING WEDS JOHN BENNETT GRENFELL

Miss Lenore Celia Hosking became the bride of John Bennett Grenfell in a pretty ceremony performed by the Rev. W. Charles Pearson at the altar of Trinity Episcopai Church at an early hour yesterday morning.

Following the ceremony, the party went to the home of the bride's sister Mrs. William Davey where a daintily appointed wedding breakfast was served. The bride was charmingly gowned in white crepe georgette and her bridesmaid, Miss Jane Jauch, was becomingly attired in pink organdie. The happy couple are enjoying a honeymoon trip to southern California after which they will be at home at Sacramento where the groom is in business.

GRACIE MILL STAMPS ARE DROPPING STEADILY

Milling operations are proceeding apace at the Gracey mine with five stamps dropping continuously and an additional five as the rock warrants. Two drifts are being run on the bottom level and the showing in ore is most encouraging.

The west drift has now progressed two hundred feet from the shaft and the east drift on the vein is now out 100 feet. Raises are being run preparatory to commencing stoping operations.

Harry Odgers is in charge of operations.

UNWATERING OF THE MAYFLOWER IS MOVING

Unwatering of the Greenman shaft at the Mayflower property has reached nearly to the 300 level and will be continued to the 400 level. A Cornish pump electrically operated is doing the work. A thorough examination of the property will be made in the interest of New York capitalists who are expecting to reopen the property on a large scale if the values come up to their expectations

There are eight veins on this property, the Grant, Beckman, Mayflower, Floyd, Butterfly, North Star and Big Blue, the latter three having a vertical dip. The property is equipped with a 20 stamp mill.

TWO SHIFTS EMPLOYED AT THE GRAY EAGLE

Two shifts are being used at the Gray Eagle mine above Downieville by the Yellow Tiger Consolidated which has the property under lease from D. F. Sullivan. Another shift will be put on and the work of clearing our the tunnel will be pushed as rapidly as possible. As soon as this is completed, a thorough sampling and examination will be made to determine the feasibility of opening up and operating the property.

The ore in this property has been considered heretofore as too refractory to handle by old time methods of milling. The tests so far made by the Yellow Tiger Company indicate that it will not be difficult to treat the ore by new methods. The character of the ore is what has kept this property idle in the past.

The opening of the property depends entirely on the results of the sampling. General Manager Gordon M. Bettles of the Yellow Tiger is superintending operations.

TOM SCADDEN VISITOR

Thos. H. Scadden was down from North Columbia Friday on business at the Court House. He has a gravel claim above North Columbia that he has been prospecting for some time. He reports his new tunnel as being in 180 feet with about 20 feet yet to go to reach the channel. The former tunnel was too high to hit bedrock.

The evening of the 3d tomorrow night will be under the auspices of Ponemah Council, Degree of Pocahontas, and will be in the nature of a burlesque that primises to be a scream. There will also be a doll parade under the direction of Mrs. K. Williamson.

The marvelous large fruit cake baked by John del Raoulls of Del's Cafe and donated by him to the Fourth of July Celebration will be presented to some one. The cake is now on display at Foleys and gift coupons are available.

Arthur B. McAntire, egologist of Los Angeles, was a Nevada City visitor Sunday on business.

Roland Wright of Sacramento is here visiting his parents, Mr. and Mrs. H. J. Wright.

Mrs. J. S. King has as a guest her sister, Mrs. J. G. Binning of San Francisco.

Mr. and Mrs. Durkee of San Francisco are here visiting her old time friends. She was formerly Miss Ruth Treadwell.

MURCHIE CREWS CUT RICH SHOOT ON 400 AND 500

The former rich shoot in the Independence vein which proved so rich above the 350 level at the Murchie mine in years gone by, was picked up in both the 400 and 500 levels the past week and shows every indication of its former richness with depth which will mean much to the local camp which is now showing every sign of a vigorous come back. No work was done on the shoot below the 350 which means that the company has a hundred feet of rich backs for stoping at once.

The new rock showed itself quickly on the plates at the mill which is dropping twenty stamps for two shifts daily, the values going up fast The ledge matter shows three to four feet between well defined walls and is well mineralized.

The work of unwatering the workings to the bottom of the shaft at the 1150 level will be completed in two weeks at the present rate of progress.

A new electric pump connected to a 100 horse power motor was hooked up the past few days and will make for greater speed in completing the unwatering.

Sixty men are now employed on the three shifts which means a great deal of money spent among our local stores.

The Murchie promises to be one of the big producers of the state once it get fully under way.

ARMED CAMP STIRS UP PECPLE OF SIERRA CITY

SIERRA CITY, June 30 (Special to The Nugget)—The Monarch mine property which now being contended for by two rival mining groups has the appearance of an armed camp. T. Leonard Park, general manager of the California Buttes Mining Co., operators of the Sacred Mound property have had an option on the Monarch. T. T. Lane, formerly employed by Park at the South Fork at Forest and at the Sacred Mound, is reported heading another group seeking to gain possession of the Monarch. When Park who was in Tonopah, learned of the attempted move he issued orders to hold the property at all costs.

The present trouble looks to be headed for the courts.

MERGER CROSSCUTTING FOR THE JACKSON VEIN

A south crosscut has been started on the 400 level at the Western Merger to tap the Jackson vein which outcrops south of the present workings. The vein should be cut around 200 to 300 feet and it is expected to cut other veins in the work.

The Jackson vein is expected to be a strong producer and with the excelllent showing made on the previous development work assures a steady and profitable production at this well known property.

Around 20 tons of ore a day is being handled in the mill. The proposed change from concentration to oil flotation has been deferred until the character of the ore in the Jackson vein is determined. Sorting of high grade has now been discontinued and all the ore mined is sent through the mill.

NEW ADVERTISEMENTS APPEAR IN THIS ISSUE

A number of new local advertisements appear in this issue of The Nugget. The Plaza Super Service Station has ordered regular space voluntarily and this popular station is a growing concern. The Pickwick Stages time card also appears as does the announcement of the raviola and chicken dinner to be served by Del's Cafe for the holidays this week.

The political card of Richard A. Eddy as Supervisor from the First District appears in this issue. Mr. Eddy's record in the office of supervisor will be covered in a succeeding issue.

COZY CORNER CHAT

THE PRESENT MINING REVIVAL in Nevada County is of particular interest to every person within the confines of the county. With six mills already operating in and around Nevada City where at this time last year, there was not a single one is of itself a noteworthy thing. With the enormous potential mineral resources that this county possesses it should be possible to see an approximate return to the early days when Nevada City was a booming camp and money flowed freely. There is no better business town anywhere than a good mining camp. The miner is a good spender and he is of the type of citizen that any community can be proud to claim. Two pay days a month makes for good business. Of course Nevada County has many other resources to draw upon for her growth and prosperity but mining is essentially and will always be the prominent industry and The Nugget will always be found boosting for the full development of its mineral wealth. This county has lead for many years as the largest producer of quartz gold, taking only second place to Yuba county where large dredging interests have been pouring out their golden store of wealth in the Hammonton field. However with the greatly increased gold production in this county, it would not be surprising to see Nevada County step into the front rank this year or next. It would be quite a feather in our caps if it could.

THE ENTRY OF THREE large mining corporations into the local field means greatly increased interest being drawn to this section as one providing good material for investment. The entry of the Rescue Eula Company with the Gaston property is one of the really big things of the past few years and excellently managed as it has been will mean large time production assoon as the power facilities have been provided. The Yellow Tiger Consolidated has a very capable general manager in Gordon M. Bettles and Nevada County mining circles will extend him a hearty welcome into the mining game here. His company has ample financial backing to warrant development on a large scale. The announcement that the C. C. Julian interests are starting operations at Deadman Flat will create considerable interest as Julian has the happy faculty of enlisting unlimited financial resources for his operations. These three companies coming will mean that other large corporations will cast about for suitable properties in this field in the next year or so.

THE PURCHASE BY THE Archibald interests of the Bannler Hill and Central Consolidated holdings in the Nevada Basin and the Norambague property under foreclosure presages important developments, once the title is perfected. Under the law that the defendants have a year to redeem the properties will mean a wait of some months, but in that time details can be worked out with regard to opening up on a large scale so that another year can see the realization of one of Nevada City's dream hopes, that of full development of the wonderful Nevada Basin storehouse of golden wealth, the largest concentrated belt of undeveloped quartz richness in the history of gold mining. The plan of a four mile drain tunnel crossing many veins of proven richness may yet come into fruition.

THE WESTERN MERGER HAS been one of the surprise producers of the present year and under its capable management it looks to be headed for a very successful future as a dividend maker. Its first month's production record of $4500 is notable in many ways and the ample returns from the tonnage crushed indicates that its values are high enough to warrant increased milling facilities as developments proceed. Merger stock which is listed on the exchange looks to be one of the best buys in the market.

EVERYONE HAS BEEN CONGRATULATING Arthur Hoge on his strike made the past few days. His persistency in seeking sufficiently rich orebodies to warrant large time production has enedared him to the minds of Nevada City's citizens generally during the past few years and the news that he has struck it has been making much favorable comment along the street. He is entitled to great credit for his sticking it out, feeling that his efforts were due to be rewarded in the course of events and his faith in this field is about to be amply proven. He can be depended on to go the limit in the matter of developing his find and making it available for early production.

THERE IS NOTHING WRONG with Nevada County and its mineral wealth. It is here in abundance for the mere taking and the world generally is waking up to the fact after taking a flier at the oil game which has been so popular the past few years with mining investors. Now they are turning to gold production and that means real wealth and prosperity for Nevada County. This section of the state is the livest mining section of California today. We are going to keep so.

AAW

H. C. Lewis was down from North Bloomfield on business Friday.

Mr. and Mrs. J. H. Hutchison had as visitors over the week-end, Mr. and Mrs. Walter Edwards of Sacramento and Walter Edwards of Vacaville.

Mrs. J. Schoenfelt and son, Irving Mintz, are here visiting old time friends.

Mr. and Mrs. Lloyd Hiscox are vacationing at Lake Tahoe and in the state of Nevada.

Mrs. D. E. Blakeley and daughter, Miss Harriet, left Friday to spend the summer months at Santa Cruz.

TYLER JOTTINGS

TYLER, June 30, (Special to The Nugget)— Supervisor Joe Frank was a visitor here Sunday.

Tom Staples and wife son sons of Graniteville passed through here Sunday.

Mrs. J. Campbell and daughter, Mary Joan, Mrs. Whitehead, and Miss B. Mahoney and Jim Coughlin and Master D. E. Coughlin all of Columbia Hill were visitors here Sunday.

Mrs. H. Meyer and son, Alton, were visiting in Nevada City Sunday.

Mr. C. Salmon of Badger Hill went to Nevada City Saturday.

Mr. Parnel was a visitor at the Salmon mine Saturday.

Joe Swazy, Alton Moody and Homer Musfield attended the dance at Uncle Tom's Saturday night.

Mr. and Mrs. I. W. Musfield of San Juan were visitors in Tyler Sunday.

James Phelan, Miss M. Flynn and Mrs. Flynn and Mr. and Mrs. F. Woods went up to Camptonville on a fishingtrip Saturday.

Mr. and Mrs. Ed Pollard of Nevada City came over Sunday to visit her parents, Mr. and Mrs. L. Garabaldi of Tyler. Mr. and Mrs. Garabaldi accompanied them back and will remain over until after the fourth.

Mr. B. Rich and wife and son and Miss Eloise Phelan were business visitors in Nevada City and Grass Valley Tuesday.

Mr. Bertram and Mrs. McGee, who have been spending a couple of weeks at Tyler campgrounds have returned to Hanford.

Lee Gould is visiting his uncle and his grandgather at the Salmon mine at Badger Hill.

Mr. E. C. Gaylord, candidate for the assembly, was a visitor here Tuesday.

Mr. H. Seabury, a former resident, but now residing in Oregon, is visiting in Tyler. It is ten years since Mr. Seabury left here.

Stanley Deal of Sacramento, who has been visiting here for the past three weeks, has returned to Sacramento. Mr. John Roth took him down

Mr. Gordon Kessler and family, who have been in Santa Barbara for the last four years, have moved to Marysville.

Mike Denike and Raymond Fogarty were visitors here Thursday.

Mr. and Mrs. Morrow, who have been visiting in Tyler, have returned to Hanford.

Mr. and Mrs. F. Woods of Sweetland were visiting friends here Thursday.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, June 30, (Special to The Nugget)—Mr. and Mrs. John Langman and daubhter, Miss Hazel, of Mendocino were visitors here Saturday.

Friends of Mr. and Mrs. R. E. Jones have received a letter from them and Mr. Jones says he sure intends to come back to North San Juan for while he was here he felt fine and never had a sick day. He certainly did gain while he was here Now we are all proud of our climate.

Mrs. Josephine Smith of San Francisco and Miss Belle Phaeton of Los Gatos visited friends here Friday.

Mrs. Bessie Westlake and sister, Mrs. Jack Silva of Alameda were visiting here Saturday morning.

Miss Belle Black and brother, Jack, Mrs. Roland Cook all of Richmond visited friends here Friday and Saturday later going to Downieville.

Evan Thomas of Downieville was in town one day this week enroute to his home.

Sheb Huckins and wife and son, Donald, of Marysville visited relatives here Sunday for a few hours.

W. H. Kitts and daughter, Ramona, and his mother, Mrs. Henry Kitts of Grass Valley visited here Sunday.

Judge John Engs of Downieville and R. W. Moorse of Downieville paid a visit to our village Sunday evening. We are always very glad to see Mr. Engs welcome smile and always glad to see him here.

J. Russel and wfie and son, Bill, of Marysville visited friends here Sunday evening.

W. H. Brown of Alameda is here visiting old scenes once again. Mr. Brown is an old time resident and says the town has sure had a change since he left here but the town and Ridge looks good to him. He was acompanied by J. F. Ryane of Oakland. Mr. Ryane says he lon't blame Mr. Brown for wanting to come back here again as he sure likes it himself.

L. Dankede of San Francisco arrived Saturday on a visit to his mother and sister of San Juan street.

Mrs. Clifton Nelson and Miss Hazel Seaway of Oakland visited friends one day this week.

Mr. and Mrs. J. R. Daivs arrived this week from an extended visit to their daughter, Mrs. W. F. Corbette. Mrs. Corbette and sons, Marley, Bill, and Robin accompanied them here for a month's vacation.

Miss Helen McCullough is home on a visit and to spend her vacation with her parents. Her aunt, Mrs. Delson and children brought her up and are camping at the Yuba River.

Mrs. I. W. Musfield and son, Homer, were county seat visitors this week.

Ruby Thompson and party of friends from Alameda were visiting at Nevada City one day this week.

Lawrence Coleman and nephew, Frank Murphy, and Bill Palmer and Mr. Murphy's friends were visiting here from Montezuma Hill and Ray's Ranch one night this week.

Earnie Filton of Oregon was visiting friends here this week.

Ted Harrington of Riverside was a visitor here Tuesday evening.

Ralph Kessler left this week for Sierraville where he will be employed as a Forest Ranger.

Mr. and Mrs. M. Emery were visitors at the county seat one day this week.

Mike Denike and Ray Fogarty were Nevada City visitors during the week.

Mrs. H. Thomas of Birchville visited relatives here for a few hours one day this week.

One great difficulty at the coming conventions will be that it is reported that back rooms where no one can listen are very scarce.

The young men are all going in for stunts, and one stunt that wins attention is to take hold of a good job and work like thunder at it.

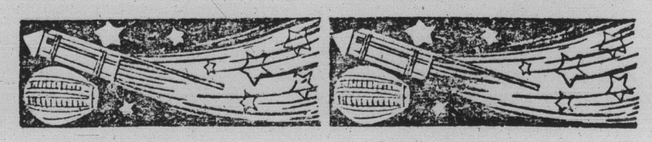

The newspapers tell us how to hold a golf club, but they do not give us much information on how to grasp a hoe.

Just because the hot dog is the great American dish is no sign the country is going to the bowwows.

What we can't understand is, why do the police have to hunt the bootleggers hegwn most folks have difficulty in avoiding them?

The original Mary of "Mary had a little lamb" fame has just celebrated her eighty-eighth birthday in England. Which shows that raising lambs must be a healthful occupation.

It ain't any trouble for us democrats to see who is leading now, but what we want to know is where are we going.—Dallas News.

ORIGINAL DEFECTIVE

SPENCEVILLE FIRE BURNS DOWN COMPANY HOUSE

SPENCEVILLE, June 26,— The burning of the old mining company house at this place yesterday nearly destroyed this little town before the flames were brought under control. The house which was a two story affair was occupied by the superintendent of the company removing the old mine dump for paint making purposes and is supposed to have started from a defective flue. Sparks from the conflagration set the dry grass on fire nearby and only a shift in the wind saved the town. The fire which sperad to the surrounding country was brought under control that night by State Fire Warden Will F. Sharpe of Nevada City and a crew of fire fighters.

SLEEMAN SUIT GOES OVER AT REQUEST OF THE NID

The suit instituted by Thomas M. Sleeman against the Nevada Irrigation District for the alleged deprivation of his water rights on Wolf Creek has been postponed to a later date on request of District counsel which is so busy with the numerous suits pending and looming up in the offing that it is being kept real busy. Superior court promises to be humming with legal activity the next few months.

Sleeman charges in his complaint that he had been using the waters of Wolf creek for many years for irrigation but that the N. I. D. had come along and diverted the waters to such extent that he has been unable to secure water for his crops. F. H. Armstrong appears as counsel for Mr. Sleeman.

McPUAIDS DEPART FOR NEW MARYSVILLE HOME

SMARTSVILLE, June 30, (Special to The Nugget)—Smartsville is enjoying lovely cool days at this time, fruits and vegetables are growing and ripening in abundance, and many old time residents are returning to enjoy a part of the summer, visiting old friends and motoring for a few day's outing to the many nooks and woodland parks in this vicinity.

Miss Josie Sheehan of Marysville was visiting her old home town here last week.

Mr. and Mrs. Ray Beatty and daughters Frances and Margaret, of Oakland are here to spend their summer vacation at their old home.

Mr. and Mrs. Elmer Colling and sons, Mr. and Mrs. Ralph Colling and son and Mrs. W. Walker of Marysville were here last Sunday, visiting relatives and enjoying a picnic near Smartsville.

Mr. and Mrs. Handley and children of Marysville were enjoying a camping trip in the vicinity of Smartsville last week.

Earl Smittcamp is spending his summer vacation with his aunt, Miss Retha Downey.

Miss Ethel Bach and Miss Nellie Fippen have returned from a weeks visit with Mr. and Mrs. E. J. McCready of Bogue, Sutter County.

Mrs. Earl Colling has returned from a few day' visit with relatives and friends at Berkeley and San Francisco.

Miss Beth Downey of Nevada City and Miss Florence Bornholdt of Chico are the house guests of Miss Retha Downey.

Mr. and Mrs. Joe Widener of Pleasant Valley visited at the home of J. E. Bach this week.

W. G. Allen, who has been quite ill at a Sacramento hospital, the past three weeks, was able to return to his home last Sunday. He is very much improved in health.

A farewell party was given last Thursday evening at the Smartsville Hotel, in honor of Mr. and Mrs. J. H. McQuaid, formerly residents of Smartsville, who are now located in Marysville. The party was in the nature of an old time gathering of all old friends of the McQuaids, many of whom were their schoolmates and lifelong friends. Old time costumes were worn by many ladies present, also a few of the gentlemen were brave enough to wear old time suits and hats. Prizes were given Mrs. Earl Colling, Mrs. Douglas and Miss Grace Daugherty, also John Quinkert for the most attractive and elegant old time apparel.

Mr. McQuaid was presented with a very handsome Knights of Columbus ring,—a farewell token of the love and esteem in which he was held here, by his many associates and friends.

Dancing was indulged in for a time, John Saunders (who played for the Smartsville dances years ago) played the old time waltzes, quadrilles, etc., on his violin, accompanied by Mrs. Lawyer on the piano. Many of the dear old songs were sung by Mrs. Douglas and others, and speeches were made by Mr. and Mrs. McQuaid's old friends wishing them health, succes and prosperity in their new surruondings. A very nice supper was served to all, at the midnight hour.

Mr. McQuaid has accepted a position in Marysville. He was Smartsville postmaster for many years, and was connected with the Smartsville Mercantile Co's. store for many years beginning when quite a boy as a clerk in the store, and finally taking the store over himself, where he was in partnership with W. Allread, for several years. The last two years, he assumed sole charge of the store and postoffice, resigning from the postoffice work and disposing of his complete stock of goods in the store to H. Ellefseth. Mrs. McQuaid taught in the Smartsville grammar school for five years, prior to the last term of school, at which time she accepted the position of Supervisor of rural schools of Yuba County. She is also a member of the Board of Education of Marysville. While teaching here, she endeared herself to all her pupils, never sparing herself to make their school days pass pleasantly and helpfully, always observing the holidays with happy parties and picnics and many outdoor sports for their benefit; as well as giving perfect and careful instruction and efficiency along educational lines. The pupils were sorry to lost her, as their teacher and friend.

Miss Retha Downey has returned from Reno, where she attended the wedding of her sister, Mrs. Mertez Smittcamp and R. H. Woodworth of Kerman, Fresno County.

Mrs. Agnes Weber Meade of Marysville visited friends here last Thursday evening.

Dr. Hoffman of Marysville is in attendance upon Mr. Wm. Cooney, who is very seriously ill at his home here.

Miss Alice Bach, Miss Ethel Bach and J. E. Bach were business visitors to Nevada City this week.

They have commenced to harvest the Bartlett pear crop at Bonanza Racnh this week. These pears are of very fine quality and are being shipped to eastern markets by the nterstate Land Holding Company.

SURVEY DITCH SYSTEM IS MADE BY ASSOCIATION

An extensive survey of the ditch system between Lake Bowman and North San Juan is being made by the San Juan Ridge Water Associaton at the present time with a view to obtaining the cost of repairing same and putting it in operation. Chairman F. E. Connor took two cruisers up to Bowman the past week and they have been patrolling the ditch to its lower end and will make a complete report of their findings.

A request has been made of the Nevada Irrigation District for an alotment of 10,000 inches of water from Lake Bowman which was stipulated under the arrangement when the District took over the Bowman system, would be available for the ditches. Attorney Lynne Kelly is representing the petitioners in the matter and is hopeful of securing a favorable answer from the District management.

The Water Association expects to repair the ditch system as soon as the cost is determined and put water on the Ridge once more and Nevada City will be more than glad to cooperate in this work as the success of the Ridge is very essential to this community.

The diversion of water from the Middle Yuba watershed has greatly depleted the flow of water in the Middle Yuba and has caused a great deal of trouble for the farmers along that stream, who have been dependent on its flow for their use for many years. The stream is very low at present and the diversion dam at Milton will doubtless utilize the complete flow, nearly so at least, for the balance of the season, diverting the water into Lake Bowman for delivery into Lake Spaulding and the lower country.

Italy has a law against shaking hands. It would play havoc with candidates if the United States should pass one like it.

The only advantage a detour can lay claim to is that it makes a fellow appreciate a good road more when he gets on one.

NEW SUBSCRIBER

The following is the letter received from one of many new voluntary subscribers the past week:

"Please find enclosed remittance for subscription to The Nugget. Your paper seems to be the only one that gives ALL the dope on the N. I. D. mess."

This is but a sample of the many words of commendation that have been said about the paper that have come to our notice.

At a meeting last Tuesday, the Directors of the United Security Bank and Trust Company authorized the regular quarterly dividend of $1.25 per share, payable on July 2, to the stockholders of record on June 15.

Inquire of ED UREN, NEVADA CITY, or J. M. O'BRIEN, 709 BALBOA BLDG., SAN FRANCISCO.

SAVINGS ACCOUNTS NEVER WORRY THE OWNER

The people who went through the recent market break without any worry were those who didn't respond to the urge to "play the market," and they have slept soundly at night and have had a contented mind by day. Many of these fortunate people are those who have savings accounts with us, and knew that their money was amply protected at all times, was theirs on demand, and that it was earning a reasonable rate of interest that was constantly adding to the principal sum.

The army of savings account owners is gradually going to grow, because there can be no better place to accumulate money than in an account that is paying four per cent interest, and is perfectly safe, never decreasing in amount and is always available when needed.

TIBBETTS FLUME PATCH GIVEN A DESCRIPTION

The two and a half mile flume of the N. I. D., which was not designed large enough to carry sufficient water to fill the contract with the P. G. & E. Co. at Lake Spaulding, has been bolstered up by having a few inches of patching along its sides at the expense of a great deal of labor and money. Each individual cap—and there are something like 4000 of them in this distance—has been jacked up and a six inch block of 4 X 6 inserted under both ends. The ends of the steel yokes which cradle the metal flume, which is nine and a half feet in diameter, had to have extension sleeves fastened on and passed through the ends of each cap.

A nine inch strip of number 16 galvanized iron was spot-welded electrically by a gang of four welders to the inside of the flume edge every four inches. These strips are in three-foot sections fastened together gwith stove bolts and have a hollow grove along the edge abutting against the old metal flume. Along this groove, as well as between each three-foot section, marlin rope has been threaded and hot asphalt pcured into it in order to make it water tight.

It is hoped that this additional six inches freeboard above the edge of the flume as originally designed by Mr. Tibbetts will now come somewhere near carrying sufficient water to enable the district to get some revenue from its contract for at least a portion of the coming season. Theoretically, the capacity of the flume will be increased by this patching about 1100 miners inches.

Lake Bowman has reached its maximum height for the season and is now about eight feet below the top of the dam. The dam itself has been leaking badly some 30 feet above the bottom, but the leak has been checked somewhat by chincking from the inside with small wooden blocks.

Below the toe of the dam water is geysering up from the bedrock to the extent of apparently more than 500 inches continuously, and if the point of diversion of the water into the canal had not been under this leakage the loss to the district would be severe.

EDWARD HOFFMAN HAS CROSSED THE DIVIDE

Edward Hoffman, one of Nevada City's pioneer residents passed to his reward last Monday evening after a long illness. Funeral services were held from the Holmes Funeral Home Wednesday afternoon and were largely attended.

Deceased was born in Oakland in 1854 and two years later came with his parents to Nevada City where he has since made nis home. He was a carpenter by trade and followed that profession until ill health intervened. He was widely loved and respected and numbered his friends by the hundreds.

Surviving are two sisters, Mrs. T. M. Jewett of Nevada City and Mrs. Josephine Jewett of Vallejo; three brothers, Albert of Red Bluff, Charles of Shasta and August of Nevada City.

Miss Ruth Grimes is here from Sacramento to spend the summer vacation with her mother.

ED GAYLORD HAS HIS CAMPAIGN UNDER WAY

E. C. Gaylord, who is a leading candidate for the honor of representing Nevada and Placer counties in the state assembly ,is well known in this county as well as Placer where he has spent the past forty one years Ed is known in legislative halls as he formerly represented this district in the assembly.

During the many years he has lived in Placer county he has followed the mining game particularly and served his apprenticeship as a hand driller. He operated a dredger on the American river under the name of the Gaylord Mining Company and for a number of years had a gravel property near Auburn. The past year he has been operating in upper Nevada county at Snow Point. With Judge J. B. Landis of Auburn hs is interested in large mining properties near Lincoln.

Mr. Gaylord can safely be counted on to be sympathetic to the needs of the mining industry in every way and will boost legislation that will tend to stimulate mining in every legitimate way, an industry which has been struggling for some years to get on its feet again. The mining industry needs representatives in legislative halls who are keenly alive to its pressing needs and who can secure definite results.

Being a miner himself, Mr. Gaylord is naturally fitted to handle all matters affecting the industry. He has been a hard rock miner and following with managerial duties has given him a good insight into both sides of the industry.

Mr. Gaylord is not a novice in legislative matters, as he served in the 39th assembly, being a member of the election laws committee with Governor C. C. Young who was an asseblyman during that session. He was chairman of the contested elections committee. The 1911 session saw much legislation effected that has played a vital part in the state's affairs, one of the measures passed being that of workmen's compensation which has meant so much to the workingman. Another was changing the election of United States Senators from the legislative to the primary system. Another was the road improvement act which made it possible to construct the road from Meyers to McKinney's around Lake Tahoe, which had been pending in the legislatiure for twenty years previous.

One of the matters Mr. Gaylord is interested in is seeing a highway built between Nevada City and Colfax to state highway standard, and which with the Ukiah Tahoe state highway outlet to Emigrant Gap would give two fine routes from this section to the Victory Highway.

Ed is making a personal canvass of the territory and will call on as many voters as possible in the next few weeks. His campaign is assuming regular proportions as the people find there is an excellent opportunity to secure representation particularly interested in the mining industry.

In five years there has been an increase of 50 per cent in the number of telephones in the city of Toronto.

FRENCH CORRAL DANCE WAS EVENT OF WEEK

French Corral, June 29 (Special to The Nugget)—Here we are at the end of beautiful June! Really we have had so many kinds of weather that every one must have had a part to suit their wishes.

We are busy here with our preparations for our S. J. R. W. A. dance tomorrow night, the 30th, and hope that all who are in attendance will go away hoping that French Corral will soon give another dance.

We will now tell about visitors of the past week.

William Wright and little granddaughter of Pleasant Valley were visitors rFiday. They were accompanied by Mr. Blinman.

Conrad Krustliss of Camptonville was a rFiday visitor.

Calvin Meyers and family of Berkeley came Saturday morning. They traveled through the night to avoid the valley heat. Mr. Meyers returned to Berkeley Sunday but Mrs. Meyers and daughters Dolores, Dorothy, Helen and Lois will spend some time with Thomas Meyers who is their grandafther. The Meyers family have resided here at different times when Mr. Meyers was engagd in mining and the famliy stands high in the love and esteem of French Corral people and all rejoice for their return visit.

Rev. Fr. O'Reilly celebrated mass at Birheville Sunday. The many friends of our beloved Fr. O'Reilly congratulate him on the celebration of his Silver Jubilee and trust that he may be spared to continue his good work unto his Golden Jubilee.

William Coughlin of Columbia Hill, accompanied by relatives, Miss Mahoney, Mrs. Campbell anl children, and Mrs. Whitehead of San Francisco were Sunday visitors.

Supervisor Joseph Frank of Rough and Ready had business here Sunday.

Mr. and Mrs. H. Chism and Mr. and Mrs. H. Vyhart of Yuba City vistied relatives here on Sunday.

Farm Adviser H. I. Graser was called to French Corral on business on Monday.

Mrs. M. E. Langley of Nevada City and daughters Mrs. Norman Harry and Mrs. C. English, were Monday visitors. Mrs. English's home is at Beverly Hills.

Ed C. Gaylord, candidate for the Assembly from the 9th District, was a visitor Wednesday. We trust that Mr. Gaylord will find favor with the voters at the coming primary in August.

A meting of the Birchville and French Corral Water Users was held last evening at French Corral. Everything seems to be working okeh under our irrigation system.

Arthur O'Conner who has been visiting his family in Birchville returned to San Rafael Wednesday. Mr. O'Conner is one of the permanent teachers at San Rafael and is principal of the commercial department. During his summer vacation he contemplates a trip to Iowa to visit his sister, Mrs. S. Crawford whose home is in Keokuk. He will also visit friends in Chicago.

Completed telephone conversation in the United State during the year 1927, averaged 73,665,000 daily.

The Observer says that; getting down to brass tacks, marriage really isn't a lottery because when a man marries he gets everything that's coming to him.

More than 60 per cent of the farms in the state of Missouri have telephones.

CASSIDY MAKES FORMAL ANNOUNCEMENT RACE

With the filing of sponsors from Nevada county last Saturady, B. A. Cassidy, Auburn newspaper publisher and rancher definitely entered the race for the state senate at the August primaries. Cassidy has been in in the business in Placer and Nevada counties for the past sixteen years, and is well known in the various counties of the district. His sponsor papers were filed in all five counties of the district.

In 1919, Cassidy was a hard rock miner, and worked underground in the Last Chance mine at Wardner as a mucker and machine man. He there obtained experience that should be valuable to him if elected to the office he is seeking.

He believes in constructive legislation ,and will at all times work for the benefit of the People of his district if elected. On account of his experience in business in Placer and Nevada counties, covering ranching, newspapers and lumbering, he is the logical man to send to the legislature. He knows what the People of the district need, and on account of his support of the present state administration, is the one candidate who should be in a logical position to get what he goes after.

He is the type of a man who is always glad to advise with his constituents, and will abide by the wishes of the voters in legislative matters.

Mr. Cassidy is not now and never has been bound to any clique or faction. In politics he has always been a Republican, and for the past six years has headed the Republican County Central committee of Placer county. When he resided in Truckee, he was a member of the Nevada County Republican Central committee.

On another page will be found the formal political card of his candidate for the state senate.

Records show that 69 lives have been saved by Bell System employees through the application of First Aid methods.

Don't worry about the next generation being soft. Look at the bond issues it will have to pay off.

STAGE SCHEDULES

Downieville Mail and Passenger Stage departs at 1 p. m. daily except Sunday for North San Juan, Camptonville and Downieville, arriving at Downieville at 5 p. m. Leaves Downieville at 6:30 a. m. making connection at Nevada City with the N. C. N. G. pasenger train for Sacramento and San Francisco.

Alleghany and Forest Stage leaves Nevada City daily except Sunday at 1:00 p. m. for Tyler, North Columbia, Alleghany and Forest. Leaves Forest 6:30 a. m. for Nevada City.

Marysville Auto Stage leaves Nevada City daily at 8: a. m. for Rough & Ready, Smartsville, Hammonton and Marysville. Leaves Marysville at 1 p. m.

BITS OF HUMOR

It is said that the New York police located a celebrated society crook the other night by finding his fingerprints on the enameled back of his dancing partner.

The man who could formerly tell the names of the kings of England, probably has children who know all the movie kings and queens.

A great many who seek to getrich quick appear to be getting caught quicker.

Even Barnum never though pitching the main tents in Kansas City and the sideshow in Houston.

The main event is ended. All that remains is the formality of ratification day on November 6.

It is said that the present Panama Canal will be big enough for all purposes until 1960. And maybe by that time the boys will be flying across with freight.

Of course a college education pays. Are not all of the great coaches college graduates?

Earthquakes are getting very frequent and unusually active. The old earth itself seems to realize that this is the jazz age.

THE NUGGET PAGE OF MINING NEWS

AMADOR COUNTY

The Drytown Consolidated mine is to be reopened following a long shutdown. The property was formerly a large producer and is on the famous Mother Lode.

The Silver Dime property adjoining the Drytown has been operating for some months and a two stamp mill has been istalled for terating high grade ore.

Articles of incorporation of the Lopez Mining and Milling Company have been filed with the county clerk.

MARIPOSA COUNTY

The King Midas mine near Mt. Bullion has been taken over by Los Angeles mining men. There is a 100 foot shaft and a small mill on the property.

EL DORADO COUNTY

A gravel property east of Placerville is being developed by Joe Morovitch and O. A. Gozard. Property was a large producer in the early days.

A shaft is being sunk at the Orofino mine near Garden Valley. Sam Collins is one of the principal owners.

PLUMAS COUNTY

The Plumas Eureka mine at Johnsville is being examined by engineers representing New York capitalists.

A strike is reported in workings on Squirrel Creek by Butterfield and Paddock who have been tunneling to reach a ledge that produced rich ore in the upper workings.

A mill with a 100 ton capacity is being planned for installation on the Dutre quartz property on Squirrel creek.

Mr. and Mrs. Neil Plunket of Oakland are here visiting her aunt, Mrs. Herbert Paine and husband.

Ellsworth Colley of Tudor was a week-end visitor here with his father, J. F. Colley.

About 25,000 people each day attended the flower show recently held in New York. There was nothing very exciting there, but the sight of a fine collection of flowers and garden arrangements had a tremendous fascination for these city folks.

The American people say they do not have to worry to do any thinking about politics, as the pilitician will always tell them how to vote.

BUTTE COUNTY

The Kirk gravel properties in the Magalia district have been sold to Jack Johnson of San Francisco. The Kirk adjoins the Genii where extensive tunnel operations are being prosecuted to reach the Mammoth channel.

PLACER COUNTY

The milling plant at the Rising Sun propety near Colfax is to be largely increased.

TUOLUMNE COUNTY

The Table Mountain Gold Mining Company which has recently been incorporated to purchase the Humbug property owns 436 acres of patented ground near Sonora and will develop both quartz and gravel.

CALAVERAS COUNTY

A number of mining claim locations have been flied.

SHASTA COUNTY

The Kingsbury mines near Igo have been bonded to John W. Fairbanks of Los Angeles. The properties have been idle for the past thirty years. Oil foltation will be used for the recovery of metal. The presence of zinc made previous smelting practice unattractive.

A ten ton quartz mill has been put in operation at the Old Veteran mine at the head of Churn creek.

TRINITY COUNTY

The dredger being erected for the Madrona Gold Ddreging Company on the Trinity river is well under way. Machinery was taken from Oroville by truck.

The cobwebby dresses carried by the women in suitcases no longer delay the summer resort trains, but the trunks filled with the men's sport clothes must hold them back some.

Had Alexander Selkirk landed on Juan Fernandez today, instead of when he did, how differently written would have been that great boyhood classic, "Robinson Cruso." For instance, this famous island now boasts of wireless communication with the outside world. How would Friday have acted when he first heard the strains of a modern jazz band?

A wedding celebration can be a complete success, even tho the fleeing pair are not involved in an automobile accident and some of the celebrators locked up in the police station.

COMMERCIAL COMPETITION

A politician and a newspaper man were once discussing a certain political result. The newspaper man remarked quite jubilantly that the candidate which his journal favored had won the election by a good majority.

"Yes," replied the politician, who had played the game many years, "but you had no opposition to speak of. That makes a difference. Wait until you get a candidate against you who will push his canvass."

He went on to remark very truly that it makes a big difference in politics, whether a candidate and his friends get out and work for their success. If the candidate just puts himself "in the hands of his friends," and does nothing active himself, and if his friends do nothing active, he will not commonly make a big run. Or if he does make a good showing, he could have made a far better one if there had been an active campaign in his behalf. This is recognized as a truism in politics, that any political candidacy can get many more votes if some vigorous work is done to interest the people, call attention to the movement, tell what it proposes to do, and enlist support.

That principal works just the same in the commerial world. The business concern that simply opens its doors and shows up its goods, is like the candidate that announces that he is in the field, but for whom no aggressive work is done.

Chemistry may, as is reported, make maple sugar that never saw a tree and manufacture milk from grass, but it never will duplicate the picture of a contented Jersey placidly chewing her cud under a spreading maple.

"Gambling Ban in Soviet," screams a headline. Isn't a fellow gambling to live in the soviet country?

Vacation time is here and as usual the people who needs them the least will probably get the longest ones.

The graduating essays showing how the world can be reformed are much jeered at by the people who do not want to correct their wrong habits.

As giraffes have doubled in price since the war, our newly wedded couples need not feel they must have one to take them to ride.

The observer remarks that after his bright son succeeds in stopping jay-walking, he is going to develop a carrot that won't cook.

Trading on the New York stock exchange has been reduced to four hours a day, but that is still long enough to give us time to invest most of our spare money.

Up in New York they are interested in something that will be more than one-half of one per cent, but down in Houston Al will have to get sixty-six and two thirds per cent.

The free, unbossed, and untrammeled American people usually do about what the political machines want them to without knowing it.

SUMMONS
No. 5613

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

GEORGE W. COOPER, Plaintiff vs A. R. WADSWORTH, FRANCIS STEVENS, JANE STEVENS, his wife, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada.

NILON & NILON,
Attorneys for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO A. R. WADSWORTH, FRANCIS STEVENS, JANE STEVENS, his wife, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten (10) days after service on you of this Summons—if served within this County; or within thirty (30) days if served elsewhere.

And you are hereby notified that unles you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this Court adjudging and decreeing that plaintiff is now, and has, by himself and his predecessors in interest been, in the actual, exclusive and adverse possession of said real property continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee against the whole world; and that plaintiff has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property, and that all claims of said defendants thereto are without right, and that they have not, nor has any, or either of them, any right, title, estate or interest in said real property, or any portion thereof.

The real property affected by this action and hereinbefore referred to is described as follows:

All that certain real property situate, lying and being in the City of Nevada, County of Nevada, State of California, and particularly described as follows:

Lot Number Seven (7) of Block Number Twenty-five (25) of the City of Nevada, as said lot and block are designated upon the offcial map of said City of Nevada made by H. S. Bradley in the year 1869.

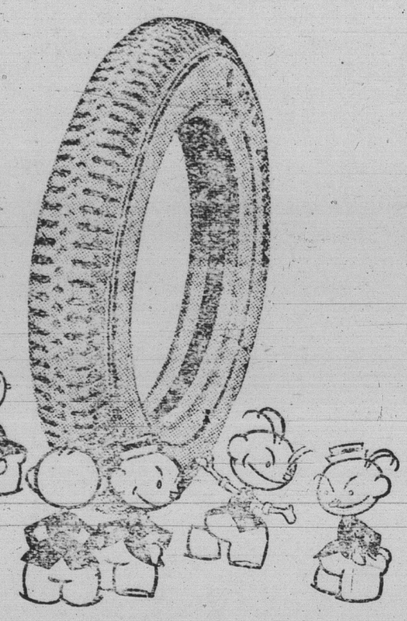

Given under my hand and the Seal of said Superior Court of the State of California, in and for the County of Nevada, this 22d day of March, 1928.

GEORGE COUGHLAN,
Clerk.
By R. N. McCORMACK,
(SEAL) Deputy Clerk.
First Publication—April 30, 1928
Dates of Publication—April 30; May 7, 14, 21, 28; June 4, 11, 18, 25; July 2, 9, 1928.

Mr. and Mrs. Jack Werry and two daughters of Wanganui, New Zealand, are here for a short visit with Mrs. John Werry on Prospect Hill. Mrs. Werry has leased her home to the Otto Schiffners, who are coming to Nevada City to make their home.

A. R. Kneebone of the Spenceerville section was a Nevada City visitor Saturday and a pleasant caller at The Nugget office.

Francis Bernard went to Alleghany to visit his Aunt Mrs. O. G. Scheffer.

The greatest "Hook-up" of all

You sit down of an evening before "the best set in the world." You turn a switch, a dial and —marvelous!— you're getting a program from one of the local stations. You swing out a bit and you get a station five hundred miles away. Another turn of the dial and music "comes in" over perhaps thousands of miles.

But do you realize the vast scope of the hook-up that selects for you any one of the 18,500,000 *telephones* in the United States?

You place a local call and in a moment you are talking across the city. Another, and you talk across the continent. Swing out a bit and many points in Europe, Canada and Mexico are within instant reach of your voice.

Yes, it's the greatest hook-up of all. The creation of over half a century of concentrated research and development for the upbuilding of the world's greatest communication service—a service that is personal, that is fast, dependable and economical.

To the boundaries of the nation and beyond
—from your telephone

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

PERSONAL MENTION

Mr. and Mrs. W. H. Hosking of Long Beach spent a few hours here Tuesday visiting her mother, Mrs. John Werry.

Wm. and Jas. Coughlan were here Saturday from North Columbia.o

Dick Polglase of Alleghany spent last week end here with his mother, Mrs. M. Polglase.

Mr. and Mrs. Harry Tamblyn and family are here visiting relatives and old time friends. He is county surveyor in his home county and is visiting here for the first time in several years.

Mrs. A. S. Lord, who has been in the University Hospital, San Francisco, is rapidly nearing recovery from her recent illness. This will be pleasing news to her many friends here.

Major C. W. de Bertodano spent a few days in this city this week. He is interested in the Oak Vale placer mine of Steep Hollow which is situated east of Nevada City.

Mrs. Chas. Genasci and four daughters, Misses Florence, Josophine, Verna and Cecelia, returned home Saturday from a few day's visit in Sacramento.

R. L. P. Bigelow, President of the Lion's Club, went to Auburn Tuesday to attend to matters pertaining to the Club.

Mr. C. E. English and faimly of Beverly Hills are here for the summer. They are here visiting Mrs. English's mother and sister,, Mrs Langley and Mrs. N. Harry. Their little son, Master C. English, is sick and they hope the mountain climate will me beneficial for him.

Mrs. T. S. Ford and daughter, Miss Savory, are enteraining Mr. and Mrs. Orr Woodburn and children of Globe, Arizona. Mrs. Woodburn was formerly Miss Aminy Colt a former resident.

Mr. and Mrs. Henry Jacobs and family left Wednesday for a two week's vacation to be spent visiting relatives in Santa Rosa and Ukiah.

Miss Marie Eustis a graduate of the Sacramento high school, accompanied Miss Verna Genasci home for a visit. Miss Genasci also spent some time visiting in the bay cities.

Mr. and Mrs. Chas. Genasci of Willow Valley are entertaining Mr. and Mrs. F. L. Hartman and son of Ellensburg, Washington.

Joe Bernard, millman at the Brush Creek mine visited his family here Tuesday.

MISS HOSKING GIVEN COMPLIMENTARY SHOWER

Miss Lenore Hosking, a popular member of the local telephone force who yesterday morning became the bride of John R. Grenfell of Sacramento, was tendered a delightful shower at the home of her sister, Mrs. W. H. Davey, the other evening. The young woman was taken completely by surprise when the party arrived but she proved equal to the occasion and a most entertaining evening was spent. A fine electric percolater was left by the guests as a token of the esteem in which Miss Hosking is held.

LEROY KITTS WEDS MISS DAISY WAGNER

Leroy H. Kitts, a former Nevada City resident was recently married to Miss Daisy Yvonne Wagner of San Francisco in the city. The groom is the son of Mr. and Mrs. J. M. Kitts of San Diego. Kitts is a native of Nevada City and attended the public schools here. The happy couple have been sojourning in Nevada county the past week. They will make their home in San Francisco.

The Boy Scouts at their last meeting practiced first aid in bandaging a broken arm, after which they rehearsed head bandaging. Just before the close of the meeting, they rehearsed the American's Creed which they will speak on July oFurth at the Nevada Theater.

Kelly Sharkey, who tried demolishing the Truckee jail when he was incarcerated in that bastile on a misdemeanor charge, is now in personal care of Sheriff Carter and he will be tried on a felony charge.

Mr. and Mrs. Neil Plunkett wos are visiting his uncle, Herbert Paine, spent Thursday at Lake Tahoe. Miss Gertrude Paine accompanied them. They report a most delightful time.

Mr. and Mrs. Joe E. Huy have as a guest, Miss Ruth Wilde a daughter of Mr. and Mrs. C. E. Wilde, former residents of this city.

Owing to the fact that Judge Tuttle was disqualified on a case in the local Superior Court, Judge John F. Pullen of Sacramento presided in the case last Thursday.

Miss Elaine Mobley,teacher in the Auburn high school, is here to spend her vacation with her parents, Mr. and Mrs.Walter L. Mobley.

Mrs. John Blasauf and daughter, Miss Marie of San Francisco, are here visiting her brother, E. J. N. Ott and family. She is a former resident and is enjoying a visit with her relatives and friends.

Mr. and Mrs. F. W. Craig of Ashland, Oregon, spent several hours here Tuesday afternoon.

Misses Lucille and Jeanne Scheffer and Chester Jenkins of Sacramento visited relatives in Nevada City Sunday.

NOTICE TO THE PUBLIC

Unless a suitable dump is found, I will have to discontinue hauling garbage at an early date.
